

TSHIAMO MOKETE

My name is Tshiamo Mokete. I am a software developer. I am passionate about solving technical problems, building real-world and responsive software applications, and learning from my peers. I am proficient in HTML, CSS, JavaScript, and Python.

I am open to new opportunities, collaborations, and challenges that allow me to contribute my skills and grow as a developer. Let's connect and explore how we can build together.

EXPERIENCE

Credico, Legwale Collect Consultants, Gaborone, Botswana – Sales Agent

June 2026 – July 2026

I underwent training as a face to face sales agent where I was pitching to customers a product and closing the deal so that they would buy the product which was an Ackermans store card. I had trainers who groomed me to be the best seller I can be and closed many deals which boosted sales.

Unified Mentor Private Limited, Gurugram, Haryana, India — Fullstack Development Internship

NOVEMBER 2025 – FEBRUARY 2026

I was undergoing an internship as a full-stack developer. My objectives consisted of building complex web apps and real-life web projects and assisting in debugging code for a customer-facing app with the help and guidance of the Unified Mentor's mentors and their many resources which lead to responsive applications and attaining new and useful information.

EDUCATION

Gujarat University, Ahmedabad, India — Bachelor of Computer Applications (BCA)

July 2022 – May 2025

I have learned a lot while I was in this field, like operating systems, database management systems, computer networking, programming languages such as MySQL, C++, HTML, CSS, and Python, web development practicals, teamwork, and many more.

PROJECTS

AllShoes.com — E-commerce Web Application

Designed and developed a responsive e-commerce (B2C) website that sells shoes of different kinds for both young and old and men and women using HTML, CSS, JavaScript, and Django Python.

SportsBuddy — Web App

I created a fully functional web app that connects people locally for different sports events in their respective locations. It was developed using HTML, CSS, JavaScript, and Firebase.

SKILLS

Technical Skills: HTML, CSS, Javascript, Django Python, Git/GitHub, Firebase, MySQL, [Node.js](#)

Good Problem-Solving Skills
Good Time Management
Good TeamWork Skills
Good Communication Skills

AWARDS

– Certificate of Project Completion for the 'Allshoes.com' project in partial fulfillment of the BCA academic year 2024-25.

– Certificate of Internship as FullStack Web Development Intern at Unified Mentor Pvt. Ltd.

LANGUAGES

English, Setswana, Gujarati
